I didn't think formal clearance would go through each co-author either since this is typically done before NCEA clearance....Maybe it is just an FYI?

Can someone from TIS clarify?

I'm not clear what my role is here. I wasn't aware that all co-authors for a poster abstract need to sign off in STICS. I did follow the link to STICS in case I needed to show that I had reviewed it, but it seems to want me to start a clearance package.

Thanks, Karen
